

Assessing and Impacting Community Risk Factors

This training will explore the impact of risk factors on a community. The training will include discussion about the risk factors specific to the Alton/Godfrey area. Learn how risk factors such as family history of anti-social behavior, community disorganization, and low neighborhood attachment attribute to things like littering, crime, and drug use and how these things affect your life.

Monday, May 19th, 9:00 a.m.- 3:30 St. Clare's Professional Building

Speaker: Nigel Wrangham, a nationally recognized trainer/facilitator, who some of you may remember from two years ago.

Trolley tour of Alton will be provided by Bluff City Tours during lunch.

Event coordinated by Alton Youth Development Strategy Partnership. Partners include; Alton School District, Alton Weed and Seed Strategy, Arms of Love, Chestnut Health Systems, Madison County Health Department, Riverbend Youth Ministries, Senior Services Plus, St. Clare's, Alton YWCA, peer leaders, parents, and volunteers.

Lunch will be provided, **please RSVP** to Jennifer Weller 474-2245 or jweller@altonschools.org by May 15th.

Working Together Toward a Drug Free Community.
